

IMPORTANT NOTICE

VOHKUS RESPONSE TO CORONAVIRUS (COVID-19)

UPDATE

We continue to proactively monitor the Coronavirus as we are seeing increased numbers for the UK and also on a global footprint.

We are continually updating our Business Continuity Plan to ensure that we have the ability to remain agile to the consistently changing situation with the objective of minimising disruption to our customers. As the situation continues to escalate there will inevitably be product shortages and delays but given the relationships we have with our supply chain partners to plan ahead wherever possible whilst utilising our in-house stock and deployment capabilities to support our customer needs.

We have put in place the following directives and are continually updating them in line with the needs of the business:

Closure of Vohkus Offices:

As a precautionary measure we have made the decision to close all our Vohkus Offices, with the London City Office already closed, and our Cluj and HQ Offices being closed from COB Wednesday 18th March 2020 until further notice.

The warehouse / logistics and configuration areas in HQ will remain open to support customer expectations, and we will continue to provide consultation and engineering support in line with current commitments.

Our sales force and key business support functions will continue to undertake their roles from home on a business as usual basis.

International Business Travel

Has been suspended indefinitely until further notice

Partner Events

All attendance at partner events have been suspended until further notice

Staff Holidays

We are working with our staff if they are travelling in the UK or overseas on holiday to provide information on their destination and then asking them to self-isolate when they return to work to mitigate the risk to other staff.

We will continue to monitor the situation and update our plans in line with business needs and any measures being put in place by the UK Government.

If you have any questions, then please contact your Vohkus account manager or Vohkus contact.

Many Thanks

Vohkus Team
